PROFESSIONAL RECRUITERS

**POSITION: SR. MANAGER, IMPORT- EXPORT GLOBAL TRADE COMPLIANCE**

**LOCATION: CHICAGO, IL**

JOB DESCRIPTION:

Responsible to develop and implement an upgraded strategy for import-export compliance for a worldwide manufacturer and supplier of consumer audio electronics.

Ensure imported/exported shipments conform to governmental rules and regulations by managing and maintaining global trade compliance procedures, policies and processes.

Oversee the Company's export compliance program and activities.

SALARY: Very Competitive

BENEFITS: Full benefits package

DUTIES AND RESPONSIBILITIES:

- Manage the development of import-export procedures for use in global plants/distribution centers.
- Advise key staff within other Divisions of import and export regulations.
- Monitor import-export compliance throughout the organization.
- Ensure that the Company maintains its leadership position in the industry, by ensuring products are available to customers through proper import/export management.

POSITION REQUIREMENTS:

- Eight plus years of experience working for a global manufacturer
- Work in the Trade Compliance area for an electronics manufacturer (ideally in the area of RF technology)
- Wide-ranging global experience including export control and licensing, ECCN classification, denied party screening, NAFTA, HTS classification, country of origin determination, marking, trade compliance data management with responsibility for results.
- Bachelor's degree, required.
- Licensed U.S. Customs Broker.
- Certified Export Certification
- SAP desirable, but must have experience with Trade Compliance technology in a Global ERP environment.
- Directly lead global teams
